

INSTALL RAIL, STREET TRAFFIC SIGNALS HERE

Two new sets of traffic signals were in operation in Gettysburg today, after many weeks of waiting for the arrival of the equipment and the installation of the signals.

Workmen completed the installation of new traffic signals at West Middle street and South Washington street Wednesday afternoon. Borough Engineer LeRoy H. Winebrenner said the lights were synchronized and placed in operation this morning. The stop signs on South Washington street will be removed.

Western Maryland railroad workers Wednesday afternoon completed their testing of the new railroad crossing flasher signals on Carlisle street, and Burgess William G. Weaver said today these lights were also in regular operation today.

Install RR Signals

The crossing flashers are erected on aluminum-painted poles and brackets which extend several feet over the street and at a height sufficient to be cleared by motor vehicles. There are two lights on either side of the crossing, visible both ways, that flash alternately when train is approaching the crossing.

At the West Middle street intersection traffic lights similar to others in the borough have been placed on poles at the four corners. Their installation was authorized several weeks ago by borough council, at an intersection which has seen several serious accidents.

The Carlisle street flashers were erected by the railroad on their own initiative, after petition to the borough council and authorization by the Public Utilities commission. Several cars and trucks have been struck by trains on this crossing. With the installation of the flasher signals, watchmen will be discontinued.

PLAN SPECIAL SCOUT CAMPS

Tentative plans to sponsor a sectional week-end camp at Camp Conewago, Dick's Dam, were outlined by Nicholas D. Murphy, camping chairman, at a roundtable meeting of Conewago Boy Scout district Tuesday night in Hanover.

Registrations at the camp site will open Friday, May 25, at 6 p.m. and camp will close on Sunday afternoon, May 27. Individual standard camping medallions will be awarded to all boys who score better than 80 points. Registration will be open to all troops and posts in the Conewago, Black Walnut and Round Top districts.

A work session for adults will be held at the camp on April 14 and 15 and a sectional spring nature course is scheduled for May 5 and 6.

Camping Records

Murphy also outlined individual camping records which will be used in the district this year and encouraged all troop and post leaders to make immediate reports on their short-term camps so that full credit can be given to all boys and leaders participating.

Highlights of the sectional first aid meet to be held in Hotel Gettysburg annex, on Friday, March 30, were given by Marlow L. Miller, district health and safety chairman. Registration will be open to posts and troops in the three districts and troops will compete against troops and explorers against similar units.

Earl Pace, Gettysburg Black Walnut district commissioner, spoke on "Programs for Boys" designed to stimulate interest in the Scouting program.

The annual district finance campaign was scheduled for May 16 to 31. A joint district and roundtable dinner meeting will be held on Tuesday, April 3, with Walter W. Blechner, district chairman, in charge of arrangements. William O. Randall, district commissioner, chaired the meeting.

New Oxford Sets Tax Rate Of 15 Mills

New Oxford set its 1951 tax rate at 15 mills at a recent meeting of the town council.

The council also passed an ordinance regulating the placing, keeping and maintenance of trailers or other movable structures intended for human occupancy within the borough, and continued its search for a new policeman for the town.

Council members said that "until a police officer is employed, any citizen in the town has the authority to file complaints and cause the arrest of any person disturbing the peace or violating the motor codes." Secretary C. P. Keefer said.

Coming Here For YWCA Sessions

Miss Elsie F. Moller, member of the community division field staff of the eastern region YWCA, will come to Gettysburg Friday for afternoon, supper and evening sessions of a neighborhood meeting of "Y" workers from Hanover, Carlisle and Gettysburg. The group will confer on many phases of programs and administration of "Y" work.

PLAN POSTER CONTEST HERE; CASH AWARDS

Details of a poster contest for school children to be conducted in conjunction with the annual "clean up, paint up and fix up" campaign in Gettysburg during the month of May were discussed by the Board of Health at its regular March meeting Wednesday night. The session was held in the office of Dr. Harrison F. Harbach, president of the board.

According to present plans the contest will be announced in the schools about April 1, but will be conducted independent of the art program there. Posters must be submitted on 14 by 22 inch white Bristol board, in crayon, water color or India ink, and all entries must be left at the Red Cross headquarters on Baltimore street by April 27.

Three Divisions
There will be three divisions with cash prizes in each; one for grades one through four; another for grades five through eight, and a third for grades nine through 12. The prizes in each division will be \$5 for first, \$3 for second and \$2 for third, with honorable mention awards of \$1 each.

The poster "theme" will stress clean-up, rather than health. Each poster submitted should be signed on the reverse side with the name of the contestant, address, age, grade and school.

Cubs and other organizations will be asked to contribute the prize money, and it was decided to ask the Associated Arts and Crafts guild to furnish the judges for the contest. Winning posters will be displayed in store windows. Mrs. Elizabeth Pennington is chairman of the contest.

Doctors Disobey Law
Borough Health Officer Eugene S. Sickles reported that several physicians were not reporting communicable diseases to him, as required by the health law. Dr. Harbach said the matter would be taken up with the medical society and hospital staff.

Sickles reported that he had made an inspection of homes on Wall street and that five of them had no connection with sewers. He said the matter was discussed by borough council, and plans made to lay a new sewer line and direct owners of these properties to connect to it. He also reported that Borough Engineer LeRoy H. Winebrenner had been directed to trace the course of a sewer line on East Water street adjacent to North Stratton street to eliminate sewage entering the Tiber.

The next meeting will be held April 4.

GIVES BAIL FOR COURT

Daisy Sites, Iron Springs, this morning signed a plea of guilty before Justice of the Peace John H. Baschow, and posted \$1,000 bail for court on a charge of malicious mischief. The charge was filed by Blanche Harris, also of Iron Springs. A hearing was held February 22 and the case continued until today.

WEATHER RADIO SET RECOVERED FROM TREES BY LOCAL FIREMEN

Gettysburg firemen were cast in a new role Wednesday afternoon, that of "rescuing" a U. S. Weather Bureau recorder from the branches of a tree in the woods near Mt. Carmel, two and a half miles west of Orrtanna.

The recorder was a miniature radio broadcasting set contained in a white, lightweight box measuring about 12 by 4 by four inches.

The box was originally attached to a small balloon and released into the air from a government weather station. The balloon carried the box to a height of about 12 miles, where, in the rare atmosphere, the balloon burst. A parachute opened as the box fell, carrying the latter back to the earth.

Secure Weather Data
During its ascent, the small radio set broadcast temperature, pressure and moisture data in the atmosphere through which it passed.

The box and part of the torn parachute, bright orange in color, were first seen about 8:30 o'clock Wednesday morning, in the woods on the farm of Mr. and Mrs. Andrew Baumgardner. Their son saw the parachute hanging in the tree limbs about 40 feet from the ground, and thought it was a kite. He wanted his father to retrieve it for him. Then the white box hanging below it was discovered.

Mr. Baumgardner notified state police of the Gettysburg substation. (Continued on Page 8)

MOTHER OF 24 HONORED BY VFW AS BLOOD DONOR

Mrs. Charles Clarke, mother of 24, who has donated 28 pints of blood to the Red Cross since the beginning of World War II, was honored Wednesday evening by the Emmitsburg Memorial post of the Veterans of Foreign Wars.

Both Mrs. Clarke and Trooper Kenneth Bond of the Maryland state police, stationed at Emmitsburg, were presented "citations of merit" by Commander Wales Righton.

The poster "theme" will stress clean-up, rather than health. Each poster submitted should be signed on the reverse side with the name of the contestant, address, age, grade and school.

Windshield Wipers Are Found By Boys

Borough police reported today that they received a telephone call Wednesday afternoon from G. Henry Roth, South street, that Roth's son, Pat, had found a windshield wiper blade Wednesday enroute home from school. He said other windshield wipers had been picked up by other boys. Police were investigating to determine whether they were those reported taken from automobiles parked next to the Dave Oyler Motors, Steinwehr avenue, recently.

The induction of the group this morning brings to 13

SENATORS CALL JUSTICE DEPT. INTO RFC PROBE

Washington, March 8 (P)—Senators investigating charges of influence on RFC lending asked the Justice Department today to search its record of hearings for evidence of perjury, tax evasion or other violations of law.

Chairman Fulbright (D-Ark) announced his Senate Banking committee had voted unanimously to ask for the inquiry. It has been supplying the Justice Department a daily copy of witnesses' sworn testimony.

The decision came after a private huddle of the Senators.

Names Rowe

Earlier, they had held a short closed door cross-examination of RFC Director Walter L. Dunham and quoted him as saying a fellow board member urged him to resign and "become the fall guy" in the subcommittee's investigation.

Fulbright said Dunham named Director C. Edward Rowe as the man who made the proposal.

Another subcommittee member, Senator Capehart (R-Ind) said Dunham used the words "become the fall guy" in describing the incident. He said Dunham filed documents with the subcommittee to back his story. Fulbright said Dunham made a trip to Florida recently and, before leaving, dictated a letter of resignation but did not file it.

To Hear Rowe Too

Fulbright continued: "Dunham said Rowe called him in Florida and told him this whole thing could be solved if he would file some memoranda along with his resignation. The memoranda were dictated by Rowe.

Dunham, Fulbright said, handed the memos to the subcommittee and "The gist of it was that Dunham was to take all the blame."

Capehart called it "a case of one director trying to force another director out and suggesting that he become the fall guy."

Rowe is scheduled to be one of the windup witnesses in the subcommittee's investigation of alleged favoritism and influence in the making of huge government loans. No date has been set definitely for his appearance.

11th Hour Efforts To Save Killers

Ossining, N. Y., March 8 (P)—Attorneys for Mrs. Martha Beck and Raymond Fernandez, made 11th hour efforts today to save the convicted "lonely hearts" slayers from Sing Sing prison's electric chair.

The two and two youths, John J. King and Richard J. Power, both 22, are scheduled to be executed tonight in the first quadruple electrocution in Sing Sing in almost four years.

The youths were accused of stealing the automobile of William Rupe, of Flushing, N. Y., while he was mailing his income tax return. They shot him as they drove away.

Mrs. Beck, 39, and Fernandez, 35, were convicted of slaying Mrs. Janet Fay, 66, of Albany, in Valley Stream on Long Island Jan. 4, 1949. They also were accused of killing Mrs. Delphine Downing, 28, of Grand Rapids, Mich., and her daughter, Rainells, 2, in February, 1949. Mrs. Beck allegedly drowned the child in a washtub of water.

Countian Jailed On Two Charges

Marion B. Bay, formerly of Littlestown, arrested in that borough Wednesday afternoon by Constable Charles Smith on desertion and non-support and surety of the peace charges filed by his wife, Gladys L. Bay, will have a hearing before Justice of the Peace John H. Bashe on the latter charge.

Bay will go to county court Monday on the desertion and non-support charges, Bashe said. He was remanded to jail in default of bail. Bay is charged with abandoning his wife in January. Authorities said he had been in Maryland, but returned to Littlestown Wednesday.

Birth Announcements

Mr. and Mrs. Edward Weigle, 32 Baltimore street, announce the birth of a daughter at the Warner hospital this morning.

Daughters were born Wednesday at the hospital to Mr. and Mrs. Leroy Rudisill, 42 York street, and Mr. and Mrs. Sylvester Keyes, 700 South Washington street.

Mr. and Mrs. Gerald Topper, McSherrystown, announce the birth of a son at the Hanover hospital on Tuesday.

Harrisburg, March 8 (P)—Sen. George B. Scarlett (R-Chester) said today the Senate agriculture committee may have a bill ready by next week to legalize the sale of colored oleomargarine in Pennsylvania.

"We're working on amendments to tighten up on possible violators of the law," said Scarlett, who is chairman of the committee.

O'Brien, Belber Steal Show As Bullets Drop Mules 77-64 In Final Game For 15-7 Mark

Bob O'Brien and Hank Belber each turned in one of their best performances in closing their collegiate basketball careers as the Gettysburg college Bullets laced Muhlenberg 77-64 here Wednesday evening.

O'Brien tallied nine of the Bullets' first 11 points and went on to capture the scoring honors with 23 points. Belber accounted for 16 tallies and turned in his usual spectacular floor game. Both lads received tremendous ovations from the big crowd as they left the game in the last period.

Muhlenberg was a big disappointment as the Bullets led the whole way by a substantial margin after the opening seconds.

O'Brien hit on a set shot after 10 seconds and Jackson retaliated on a jump heave for the Mules. O'Brien added two more goals. Coder one on a follow-up, and O'Brien a goal and foul to send the Bream-men ahead 11-2. Thereafter the Bullets enjoyed a safe lead at all times and left the floor at the quarter with a 22-13 margin.

Mules Make Bid

Muhlenberg made its only serious threat late in the second quarter when it pared the Bullet lead to five points at 31-26 but Belber came through with a pair of goals and a foul in the closing seconds to hike the advantage to 37-27 at half time.

The Bullets took complete charge in the early minutes of the third frame through goals by O'Brien, Watson and Resonovich to pile up a 47-31 lead. A goal by Belber and two by O'Brien pushed the lead to 55-35 and the best the Mules could do the remainder of the period was a one point reduction, the score being 62-43 going into the final round.

Coach Borgmann's Mule reserves played all but a few seconds of the last period while the Bullet jayvees also saw a lot of action.

The victory gave the Bullets a season record of 15 triumphs against seven defeats. Only O'Brien and Belber are listed for graduation in June.

Belber suffered a laceration above his nose during the third period which forced him out of action for several minutes. Several stitches were required to close the wound.

DISTRICT 4 TO NAME CHAMPION THIS EVENING

Harrisburg, March 8 (AP)—A third Class A district champion will be crowned tonight as 32 teams continue the battle for Pennsylvania's top scholastic basketball prize.

Bloomsburg and Kulpmont, each boasting one of its best teams in recent years, oppose each other at the Bucknell university floor in Lewisburg for the right to succeed Williamsport as District Four Class A champion.

The victor will advance into inter-district competition of the annual Pennsylvania Interscholastic Athletic association. Only other teams already wearing district crowns are Somersett in District Five and Westinghouse in District Eight.

Bloomsburg's Panthers will be slight favorites on the basis of their clean sweep in the Susquehanna league. Kulpmont, on the other hand, had to meet Shamokin three times in the past two weeks before claiming the Keystone league flag. Defending champion Williamsport failed to win 60 per cent of its games.

Four other leading contenders for Homestead's 1950 Class A state title also are scheduled to see action tonight.

Farrell, runner-up to Homestead last year in District Seven, meets Ford City at Pitt Pavilion in the first WPIAL semi-final. Twice-beaten Farrell stopped Crafton, 58-33 while Ford City eliminated New Brighton.

Haverford's defending District One titlist must turn back an excellent Radnor team at Penn Palastra. Haverford drew a first-round bye while Radnor was swamped by Doylestown, 53-36. Tonight's winner meets Pottstown next Tuesday for the District title.

Game Here Saturday

Once-beaten Chambersburg opens the District Three playoffs Saturday night at Ephrata at Gettysburg college while Lebanon and Reading scrap for the Central Penn berth. Lebanon's first-round winners, holding two decisions over Reading, are favored to oppose Chambersburg in the district finals next week.

Two top WPIAL contenders are matched in the last District Seven semi-final tomorrow night when Duquesne tangles with Monessen at Pitt stadium. The same night finds Allentown's East Penn conference champions meeting their first play-off test against Palmerton in a District 11 semi-final.

Last night's action saw Punxsutawney advance to the finals of District Nine by eliminating Dubois 54 to 44. The Chucks will meet Saturday's Bradford-Clearfield winner for the title next Wednesday. Bradford knocked out Brookville last night, 42 to 36, while Clearfield was taking the measure of Kane, 51 to 47.

Sharpsville won the Section Three title in District 10 by defeating Hickory 48 to 44. Sharpsville now advances to the district finals Saturday against Meadville's Bulldogs, 41-39 victors over Erie Tech.

Old Forge won the Lackawanna League crown last night in a playoff with West Scranton, 54 to 50. Old Forge meets either Berwick or Nanticoke next Monday in the District Two semi-finals. Berwick and Nanticoke will playoff Saturday night for the Wyoming Valley top spot.

Walker Lone Repeater

Two first team selections, William "Ben" Walker, Chambersburg, and Harvey Jacobs, Mechanicsburg, drew the highest number of votes possible, 30. Walker, individual high scorer in the league, is the lone repeater from last year and was chosen as the honorary captain.

Richard Harrel and Cecil McCormick, both juniors at Gettysburg high school, were also honored. Harrel gained a spot on the second team after two votes were required to break ties when four players tied with six votes apiece in the initial vote. McCormick, one of the four involved in the tie-breaking vote, finally drew an honorable mention spot.

Walker Lone Repeater

Two first team selections, William "Ben" Walker, Chambersburg, and Harvey Jacobs, Mechanicsburg, drew the highest number of votes possible, 30. Walker, individual high scorer in the league, is the lone repeater from last year and was chosen as the honorary captain.

Glenn Miller, Hershey high ace, polled 28 votes, Robert "Bob" Read, Chambersburg, 26, and Ross Keefer, Shippensburg, 24, in rounding out the first team.

Topping the second team was Donald "Mike" Waters, who was a first team choice in 1949 and 1950, with 18 votes; Gerald Steger, Chambersburg, and Glenn Stull, Carlisle, each with 17; Jim Garrett, Hershey, 11, and Harrel, Gettysburg, 6.

Read is the lone junior chosen for the first team, all other selections being seniors. Only Garrett and Harrel of the second team are juniors. They are also the youngest players, each being 16 years of age.

All teams in the circuit secured recognition in the player selections.

F-M Opens Spring Grid Drills Monday

Lancaster, Pa., Mar. 8—Football Coach Woody Sponaugle will open a five-week spring training program here Monday, March 12, for his Franklin and Marshall college candidates.

The Diplomats, who only a few months ago won up their 1950 season unbeaten and with nine consecutive victories, six of which were shutouts, will get back into harness again for a program largely devoted to offensive signal drills that will be climaxized with a scrimmage against Bucknell on Saturday, April 21.

Boston, March 8 (AP)—The assassination of Iranian Premier Ali Razmarza has been blamed by the slain man's brother as "the work of Communists."

Reza Razmarza, 35, associated with the engineering firm of Jackson and Moorland here, said: "I expected it. My brother was known to be strongly opposed to communism before he came to power. There has been a movement for some time for the nationalization of Iranian oil and I believe that the Communist underground took advantage of prevailing conditions—using it as a springboard to stimulate national unrest."

Today's Talk

By GEORGE MATTHEW ADAMS
ON ADJUSTING ONESELF

All life is a thing of adjustment. To circumstances, to changes, to sudden emergencies. A balance is struck, and this visualizes the measure of our attainment at the time. The events and confusions of each day have to be appraised and ad-

Too many people refuse to face facts. Yet it is from these facts that we get our directions. They are our road signs, pointing out the right procedure. Then it is that the adjustments have to be made. If we make them willingly, without fuss or fury, we are wise.

The instances of loss, disappointment, ill health, and sorrow all call for a readjustment. If promptly made, many a problem disappears, and we can happily and hopefully look life in the face, and without fear or trembling! We can't expect to come out on top by dodging a grave situation, or a responsibility. We must meet it direct and then adjust ourselves to all the details that surround it.

These present days of high taxes, rumors and fears, as well as confusion of thought are nothing unusual. We have experienced them before. They call for sacrifice, courage and personal adjustment. All else remains in the hands of God.

This bodily machine of ours is not unlike any intricate mechanical creation. Just like the machine it needs constant adjustment to keep it in perfect running order. And, of course, this adjustment must start with the mind where all decisions are made. A healthy and happy mind is a blessed possession!

The spiritual adjustment that is essential to all instances of failure or sorrow, is no easy achievement, but it is always possible. Even our frailties can be marshalled for triumph! In solitude they cluster, are appraised, and given nourishment for strength to meet the emergency at hand.

We must learn to grasp at positives, to alert our minds to the "eternal verities," and adjust our hearts as well to them. There is "a pathway to the stars!"

Tomorrow Mr. Adams will talk on the subject: "Obvious Nondiscoveries."

TRUMAN AVOIDS CONTROVERSIAL DISCUSSIONS

Key West, Fla., March 8 (P)—

President Truman gave every indication today that he doesn't intend to get involved in a controversial discussion of problems besetting his administration.

He cancelled his usual Thursday news conference to let events take their course in Washington.

John R. Steelman, assistant to the President, joined the presidential party at this naval submarine base,

to bring the President up to date on domestic matters, including efforts to reach an agreement with organized labor on the over-all mobilization program. Steelman flew in yesterday.

Dawson Is Due

W. Averell Harriman, former secretary of commerce and one-time ambassador to Moscow, is due in today for a report on international developments. Harriman is special assistant for foreign affairs.

Harriman is to be accompanied by Brig. General Wallace H. Graham, physician to the President, who recommended this Florida vacation for the President in view of the pressure under which Mr. Truman has worked since the North Korean Communists invaded South Korea last June.

Another visitor soon to join the White House party is Donald S. Dawson, Mr. Truman's administrative assistant on appointments. Dawson, under fire by a Senate subcommittee investigating alleged influence on the Reconstruction Finance corporation in the making of loans, has already drawn expressions of support from the President at a news conference in Washington.

Lots Of Silence

The President's press secretary, Joseph Short, in an emphatic "no comment" yesterday, ignored a demand by Republican Senator Knowland of California that the President return to Washington immediately to clean house.

The President likewise steered clear of a discussion of organized labor's walkout on the defense mobilization setup.

On the question of whether Mr. Truman will run again in 1952, there is only silence here.

Believe Skull Is That of Aged Missing Woman

The skull was dug up by state police yesterday in the cellar of a rural Factoryville house formerly occupied by 53-year-old Charles E. Homeyer, now in jail on a forgery charge.

The missing woman, Anna Snellman, 65, lived in the house with Homeyer for many years. She was described by police as his common-law wife.

Homeyer is charged with forging her name on a deed to their home, enabling him to sell it. He was arrested in Los Angeles a month ago and returned here ten days later. He is now in Wyoming county jail in default of \$15,000 bail.

Conflicting Stories

Police said Homeyer told them conflicting stories of what happened to the woman, once a circus aerialist, who passed for his wife. One version, they reported, was that she died and was buried in Brooklyn. Authorities found neither death certificate nor grave. In another statement, Homeyer told police she had gone to visit friends in Milwaukee, and hadn't returned. No trace of her was found there.

A widespread investigation was touched off by neighbors' suspicions. And it was a pet cat that aroused those suspicions. Homeyer came back to Factoryville several months ago to sell the house. He brought the cat along. But there was no Mrs. Homeyer. The neighbors said they were astonished for she was so fond of the cat she never would let it out of her sight.

Police started digging in the cellar in January, but found nothing unusual. After Homeyer's arrest, they returned to the task.

State Police Sergeant Charles Santes said he believed the skull uncovered yesterday is that of Mrs. Homeyer.

The new members inducted into the organization follow:

Miss Kathryn Gist, Helen Benson,

Verna Heck, Kathleen Butt, Eileen Butt, Romaine Plank, Helen Chamberlain, Marian Reibold, Eleanor Shealer, Hazel Williams, Kathryn McDonnell, Aurelia Codori, Martha Shank, Kathryn Maust, Charlotte Waltemeyer, Lucille Horner, Mildred Shoop, Esther Tipton, Virginia McPherson, Betty Swope, Frances Gilbert, Ann Maust, Catherine Chamberlain and Jean Hamilton.

Senators Differ On Armed Forces

Washington, March 8 (P)—Pennsylvania's two Republican senators differed twice yesterday as the Senate voted on measures fixing a manpower ceiling on the armed forces.

James H. Duff first joined with the majority in approving an amendment to substitute a 4,000,000 man ceiling for a 3,500,000 proposal.

Edward Martin opposed the amendment.

But when the Senate ordered the 4,000,000 ceiling included in the bill to draft 18-year-olds they reversed their previous stands. Martin approved of the bill and Duff voted against it.

Once it required 44 hours to travel from New York to Washington by stage coach; a trip today can be made in 90 minutes by airplane.

Emmitsburg

Emmitsburg — Approximately 30 members and guests of the Woman's club chartered the bus of George F. Rosensteel and attended the flower show on Wednesday in Baltimore.

Sunday dinner guests at the home of Mr. and Mrs. Roy Sanders were Mr. and Mrs. John Wagner and sons, Don and Jack; Mr. and Mrs. Fred Wagner; Mr. and Mrs. Elmer Smith and daughter, Susan; Mr. and Mrs. James Rethschule and Carl Wagner, all of Baltimore; Mr. and Mrs. George Krom, of York; Maurice Moser and Mr. and Mrs. Francis Blair and children, Bonnie and Tommy, visited Sunday with Mr. and Mrs. Krom.

Jack Davis, U. S. Army, stationed in Missouri, is spending a ten-day furlough with his mother, Mrs. Ida Davis.

Party Held

A party was held Sunday at the home of Mrs. Mary Claudia Rosensteel in honor of her birthday. Mrs. Rosensteel was the recipient of several large birthday cakes and many gifts and cards. Those present were Mr. and Mrs. William Rosensteel and sons, Phil and Jerry; Mr. and Mrs. Herbert Sprangle and family, all of Baltimore; Mr. and Mrs. Louis Rosensteel; Mr. and Mrs. Richard Rosensteel, Mr. and Mrs. Glen Polly and family, Fairfield; Mary Theresa, Margaret and Eddie Houck, Miss Doris Olinger, Ralph McDonnell, Joseph Kreitz, Bernard Peters, Prof. Richard Leonard, George Kallan and Mrs. Paul Ripper, of Baltimore. Music was furnished by William Rosensteel, Ralph McDonnell and Joseph Kreitz.

Peter F. Burkett, who was discharged Tuesday from the Warner hospital, is recuperating at the home of his sister, Mrs. Kate Reuter, Baltimore.

Recent visitors at the home of Mr. and Mrs. Louis Rosensteel were Miss Ann Marie Hobbs and Miss Theresa Pecher, of Fairfield; Mr. and Mrs. William Rosensteel and sons, Baltimore; Ralph McDonnell, Joseph Kreitz, Bernard Peters and Herbert Sprangle, Baltimore.

TWO BALL CLUBS**

The Francis X. Elder Post No. 121 American Legion held a regular meeting Tuesday evening at the local Post home with Commander William Topper presiding. Fifty members were in attendance. The financial report was given by Eugene Rodgers in the absence of Finance Officer Allen Bouey. Jack Rosensteel reported on the Legion baseball team and it was decided to enter the Pen-Mar league if possible. It was decided also to enter the Junior American Legion league if it exists this season and if it does not operate this year the second choice is the Little League in Frederick. This is a league similar to the Junior Legion league and is made up of boys from 14 to 17 years of age.

The post voted a donation of \$25 to help defray the expenses of the Pen-Mar league.

Phil Sharpe gave a report on the questionnaires pertaining to insurance and other vital statistics for all members of the post. It was announced that this is only for those who wish to fill out the questionnaires and is not compulsory. A meeting of his committee was held immediately after the general meeting.

Lumen Norris reported on the construction of the honor roll and the post voted in favor of the one with all names of veterans imprinted on the plaque. A committee was appointed with Philip Sharpe chairman, Everett Chrismar, Eugene Rodgers and Richard Yoemans to start work on this honor roll immediately. Eugene Rodgers, vice commander of Area B, Frederick county, called on the membership committee, Frances Sanders, Louis F. Rosensteel and Andrew Shorb, along with all members of the post to try to bring in new members during the membership drive in March. Everett Chrismar reported that the swings are almost ready to be presented to the schools. He announced that they only need to be painted before being erected on the grounds and put into use. Harold Hoke announced that the Legion basketball team will play Camp Detrick at Mt. St. Mary's Tuesday at 7:30 p.m. A doubleheader is planned for the 13th with two other teams participating. The games will be played as a benefit with the entire proceeds going into the Community fund. Manager Hoke urged members to buy tickets.

One new member, William E. Birley, of Fairfield, was voted into the post. It was voted to send cigarettes to William Shorb, Sr., who is a patient at the Warner hospital.

Eugene Rodgers read a letter from the local grange asking them to join in with other organizations of the community in trying to influence the state Road Commission to do something about correcting the hazardous curves between Emmitsburg and Thurmont on Route 15.

Favorable action was taken and it was decided to write a letter to the commission. After the meeting, refreshments were served.

The funeral of Mrs. Bertha A. Starner was held Wednesday afternoon in Elias Evangelical Lutheran church with the pastor, Rev. Philip Bower, officiating and the following members of the Chapel choir singing two hymns for the service: Mrs. Harry McNair, Miss Doris Wastler, Miss Carrie Hahn, Miss Barbara Hays, Richard Frode and Harry T. McNair. They sang, "My Faith Looks up to Thee" and "Abide with Me." Miss Ruth Shuff, organist, played for the service. The pallbearers were: Charles L. Sharer, Lester Nester, Ray Giegous, Norman Shriner, Morris Hahn and Robert Daugherty. The funeral was largely attended and there were many floral tributes.

A mission fair will be held at St. Joseph's high school March 13.

**Accuse Bus Driver
Of Manslaughter**

Harrisburg, March 8 (AP)—A 27-year-old Pittsburgh bus driver was charged with involuntary manslaughter yesterday in a Pennsylvania turnpike bus-truck collision that killed four persons.

Donald Maddock of Pittsburgh heard the charges filed against him by State Police Cpl. Raymond R. Heckman in a hearing before Justice Shirley J. Zarger.

The action followed a coroner's jury verdict that the bus "was operating at an excessive rate of speed for the existing conditions of the highway at the time." The turnpike was covered with ice, Cpl. Heckman said.

Maddock was held under \$2,500 bond for the April session of Franklin county court.

**Kentucky Senator
Dies After Crash**

Washington, March 8 (AP)—Senator Virgil Chapman (D-Ky.) died today a few hours after he was injured in a collision of his automobile and a big truck. He was 55 years old.

Admiral M. D. Wilcutts, commanding officer of the Bethesda Naval Medical Center, said Chapman had suffered serious lung and other internal injuries.

Chapman was serving his first term in the Senate, but previously had been a member of the House for many years. His home is at Paris, Bourbon county, Kentucky.

**Says Marshall Plan
Helps Pennsylvania**

Washington, March 8 (AP)—The Marshall Plan is returning millions of dollars annually to Pennsylvania according to a report issued by the Economic Cooperation Administration (ECA).

The report, issued yesterday, said in a typical four-month period, firms in 92 Pennsylvania cities and towns received \$31,702,501 in direct ECA-financed orders for goods furnished under the Marshall Plan.

Although the report covered only the first four months in 1950, ECA said many Pennsylvania communities have received ECA-financed orders for Marshall Plan goods since the start of the European recovery program in 1948. The goods range from blood plasma equipment to locomotive parts.

Two thirds of the dollar volume of the Keystone state's orders during the four-month period came from industries in Philadelphia and Pittsburgh. Philadelphia supplied all but a relatively small amount of the \$5,000,000 worth of food, feed and fertilizer orders during the period surveyed.

The post voted a donation of \$25 to help defray the expenses of the Pen-Mar league.

Phil Sharpe gave a report on the questionnaires pertaining to insurance and other vital statistics for all members of the post. **SENATE NEARS
FINAL ACTION ON
UMTS MEASURE**

Washington, March 8 (AP)—Working under an agreement to talk less and vote more frequently, senators today drove toward final action on the broad Universal Military Training and Service (UMTS) bill.

Already the Senate had written into the bill a ceiling of 4,000,000 on the armed forces over the objections of the Pentagon, which wanted none.

The major battle remaining was the question of starting eventually a long-term compulsory military training program that would include all young men as they become 18-year-olds.

Older Men First

The Senate bill now would authorize induction of 18-year-olds for as long as 24 months. Older men from 19 through 25, now subject to draft, would be taken first.

When the emergency ends, service would be cut to six months of military training for all 18-year-olds. They would go into reserve units after basic training.

Senators Edwin C. Johnson (D-Colo.), Taft (R-Ohio) and Bricker (R-Ohio) led the fight to eliminate this long-range universal training feature and limit the bill to extension and expansion of the draft act.

Amendment Up First

Their main argument was that by the time the need for partial mobilization has ended, Congress can work out a more effective training program.

Senators Lyndon Johnson (D-Tex.) and Russell (D-Ga.) floor managers for the UMTS measure, said the vote might be close. But they said they were confident the move will fail.

The Senate agreed to consider first an amendment by Senator Corcoran (R-Ore.) to knock out proposed deferment of 75,000 young men in each of the next three years. They would be expected to study to doctors, scientists and technicians. The bill would leave their selection to a new five-man board, probably on the basis of a nationwide competition.

**Start Bringing
War Dead Home**

Yokohama, March 8 (AP)—The bodies of Maj. Gen. Bryant E. Moore and 49 soldiers, sailors, marines and airmen will leave by ship Sunday as the U. S. starts moving war dead home from an active theater for the first time in history.

Moore was Ninth Corps commander until he died in Korea after a helicopter accident February 25. The 49 ranged from privates and sergents upwards.

Dockside memorial services will be conducted at 3:30 p.m. (1:30 a.m. EST) Sunday.

Army, navy and air force honor and color guards, chaplains of various faiths and the Japan Logistical Command's band will take part.

FAVOR DOUBLE OK ON TROOPS

Washington, March 8 (AP)—With a coalition in control, two Senate committees voted 14-10 today for requiring both Senate and House approval of any assignment of American troops to the North Atlantic defense force.

By the same vote, the Senate Foreign Relations and Armed Services committees approved a proposal by Senator Lodge (R.-Mass.) to put the Senate on record as saying European nations must make the "major contribution" to ground forces under the command of Gen. Dwight D. Eisenhower.

This reversed a 12-12 tie vote by which a similar proposal by Lodge was defeated yesterday.

Chairman Connally (D.-Texas) and nine other Democrats were outvoted in the two moves by a coalition reported to have been made up of all of the Republican members of the joint group plus three Democrats.

Although Connally refused to make public the roll call, the three Democrats were reported to have been Senators George (D.-Ga.), Byrd (D.-Va.) and Gillette (D.-Iowa). Eleven Republican votes were registered, but Senator Vandenberg (R.-Mich.), ill and absent, was not recorded.

Labor Leaders, Johnston Confer

Washington, March 8 (AP)—Labor leaders went back for another conference today with Economic Stabilizer Eric Johnston on their terms for patching up the dispute over mobilization planning.

High on the list of their proposals was the re-shaping of wage stabilization board as an 18-man agency with authority to settle disputes as well as to fix wage policy.

Johnston presumably talked that over with four top industrial leaders on his management-labor advisory committee yesterday.

He will take up the same question Friday with representatives of the National Association of Manufacturers, the U.S. Chamber of Commerce and the Council for Economic Development. These groups are reported considering setting up a United Business Policy committee to match the United Labor Policy committee (ULPC) which speaks for nearly all of organized labor.

AFL Musicians Authorize Strike

New York, March 8 (AP)—The executive board of the powerful New York city local 802 of the AFL American Federation of Musicians has been authorized to call a strike if necessary against all major radio and television networks.

With bargaining sessions suspended last week, a voice vote last night by 1,500 members of local 802 approved the following resolution:

"We move to strike against all class-A radio and television stations. We instruct the executive board to take the necessary steps to insure success of the above action, with the understanding that it is with the approval of the federation."

The result may be acted upon today after consideration by union head James C. Petrillo and the executive board. The walkout is threatened against the American Broadcasting company, the Columbia Broadcasting system, the National Broadcasting company, the Dumont Television network and New York station WOR—the main outlet station for the Mutual Broadcasting system.

Washington, March 8 (AP)—O. P. Reid, an investigator for the Senate Elections committee has gone to Wilkes-Barre, Pa., to look into alleged election irregularities in Luzerne county. Senator Gillette (D.-Iowa) announced.

Gillette said Reid left here yesterday. After Reid completes his mission, Gillette said, the two-man subcommittee assigned to investigate Pennsylvania complaints—Senators Hennings (D.-Mo.) and Henrickson (R.-N.J.)—will report to the full committee whether, in its opinion, a further hearing or inquiry should be conducted in the state.

Corn and animal fats are used in the new nonsap detergents which constitute an important new market for these products.

CREATION OF UN ARMY CALLED A WISE MOVE

By PEWITT MACKENZIE
(AP Foreign Affairs Analyst)
The American sponsored project for the creation of a United Nations army to combat aggression is a tacit admission that the time hasn't yet arrived when peace can be maintained by moral suasion.

That will come as a bitter blow to the exponents of peace who have dreamed that the U.N. would be the immediate forerunner of "one world" in which mankind could live in harmony. Still, in the six years since the nations of the globe met in San Francisco to sign what was in effect a pledge to practice peace, events have made it clear that this ideal of "one world" was indeed just a dream of the distant future. It lacked the substance to make it come true quickly.

Wars Break Quickly

Wars have been exploding about the world like a string of firecrackers. Every time you turn a corner you run into fresh threats of conflict. Thus one is driven to the conclusion that there will be no abandonment of wars until human nature has been changed.

I'm one of those who believe that human nature can be changed—but it's going to take some doing. Meantime we must have some agency to compel peace. This means the use of force, or the display of sufficient force to deter aggression.

Good World Force

That's the background of the U.N. proposal to recruit a volunteer international army to combat aggression anywhere in the world. This "United Nations Legion" would supplement units of national armies which member countries are being asked to assign to the United Nations.

The creation of such an international army is a perfectly logical development. It would do away with the difficulties involved in raising the U.N. Korean contingent to supplement American strength. It would make the U.N. army a truly international force.

If the old League of Nations had been endowed with concrete military strength, and had been given the courage to use it, we likely would have avoided World War II. And don't forget that World War II was responsible for creating the conditions which threaten World War III.

RESEARCH BEST FRIEND OF COAL

Columbus, Ohio, March 8 (AP) — C. C. Furnas, director of the Cornell Aeronautical laboratory, says a strong research program is king coal's best bet against being deposed.

Furnas made the suggestion at the annual meeting of Bituminous Coal Research, Inc., representing some 300 coal and railroad companies.

He declared research should be aimed at improving mining and handling methods, finding new uses for coal as fuel, and creating raw materials.

"Despite its wonderful past history," commented Furnas, "coal's full potentialities are not being realized today. But they can and will be through an extensive, continuing, well-integrated research and development program."

Then he added:

"When a research chemist looks at coal, his eyes practically glisten because of the great number of possibilities. There are literally hundreds of thousands of chemical compounds which can possibly be synthesized. It should be pointed out that the rise of petroleum as a source of chemical raw materials has been almost entirely due to a wide spread and long continued, vigorous research program."

East Berlin Charge Dates Announced

The church membership instruction classes of Zwingli church, East Berlin, and Emmanuel church, Hampton, will meet Saturday at 1:30 p.m. at their respective churches.

The Youth Fellowship of Zwingli church, will meet Sunday at 5:45 p.m. in the church. The meeting last Sunday was cancelled due to absence of Mr. Haney, the counselor of this group.

The Women's Missionary society of St. Paul's (Red Run) Union church, near East Berlin, will hold its regular monthly meeting in the church next Monday evening. A missionary from India will give an illustrated talk.

The junior and senior choirs of Emmanuel church, Hampton, will rehearse Tuesday evening at 7:30 o'clock.

The choir and Young Peoples' classes of St. Paul's (Red Run) Union church will rehearse Wednesday evening for the Easter eve candle-lighting service to be held in the church on Saturday evening March 24, at 11:15 o'clock.

At St. John's church, New Chester, on Thursday evening, March 15, a joint rehearsal of the choir and youth group will be held to plan the service.

First speech by radio across both the American continent and across the Atlantic was accomplished in 1915.

group specialization, and New Testament; third year, "Understanding Our Pupils," and Old Testament; fourth year, "Ways of Teaching" and "My Christian Beliefs." Electives include Christian worship, missionary education, common service, young people's relationships, recreational leadership, Christian home building, social problems, use of art in religious education, dramatics, counselling, hymnody, evangelism, crafts, nature study and swimming.

Church Workers' School

The annual summer school for church workers over 18 will be held from Monday, August 27 to Sunday, September 2. Courses given at the summer school are accredited under the International Council of Religious Education and vary according to what seems to be the current needs of workers in the Lutheran churches, the director said. The members of the summer school act as teachers at the annual Laboratory school conducted at Arendtsville.

Collazo and his wife, Rosa, heard the verdict with no apparent emotion.

Soon Collazo, handcuffed to two marshals, was led away for the trip back to the municipal jail. He whispered to his wife and smiled as he passed her. She threw him a kiss. He couldn't respond because of heavy handcuffs.

Listed as associate directors for the coming year are: junior girls and senior girls camp, Mrs. Cecil Alexander, Wilkinsburg; junior and intermediate girls, Rev. Cletus Senft, Narberth; junior and intermediate girls, Miss Isabelle Hoover, Carlisle; senior boys, Rev. Marcus Otterbein, Philadelphia, and summer school, Miss Margaret Beard, Highspire.

PUERTO RICAN DOOMED TO DIE FOR COP'S DEATH

Washington, March 8 (AP)—The little Puerto Rican Oscar Collazo has been doomed to death in the electric chair following conviction for murder during an attempt to assassinate President Truman.

It took a federal court jury only an hour and 42 minutes yesterday to convict the 37-year-old Collazo on two first-degree murder counts. Each carries a mandatory sentence of death, although the formal sentencing was delayed.

Collazo's companion in an attempt to storm Blair House last November 1 paid with his life on the spot.

Companion Killed

Griselis Torresola, like Collazo, a Puerto Rican Nationalist was shot to death by Leslie Coffelt, a member of the President's bodyguard, after Torresola fatally wounded Coffelt.

Both the first-degree murder counts against Collazo, were based on Coffelt's death. He also was convicted of assault with intent to kill in the wounding of two other White House guards, Joseph H. Downs and Donald T. Birdzell.

By its verdict the jury rejected Collazo's story that he and Torresola merely wanted to stage a demonstration in behalf of Puerto Rican independence and did not intend to kill anyone.

Collazo's case went to the jury at 3:40 p.m. (EST) yesterday, the seventh day of the trial. Vigorous knocking on the jury room door at 5:25 signaled a verdict had been reached.

Throws Hubby A Kiss

The jury foreman, Mrs. Margaret Teachout, a white-haired housewife, announced in response to a clerk's questions it had found Collazo "guilty as charged" on all four counts.

Collazo and his wife, Rosa, heard the verdict with no apparent emotion.

Soon Collazo, handcuffed to two marshals, was led away for the trip back to the municipal jail. He whispered to his wife and smiled as he passed her. She threw him a kiss. He couldn't respond because of heavy handcuffs.

Listed as associate directors for the coming year are: junior girls and senior girls camp, Mrs. Cecil Alexander, Wilkinsburg; junior and intermediate girls, Rev. Cletus Senft, Narberth; junior and intermediate girls, Miss Isabelle Hoover, Carlisle; senior boys, Rev. Marcus Otterbein, Philadelphia, and summer school, Miss Margaret Beard, Highspire.

On some farms, however, there are no solid roads leading to the pond which will permit the fire truck to obtain entrance to the pond, particularly during the winter months, when fields are muddy. As a result the purchase of a self-propelled portable pump to reach the ponds inaccessible to the regular fire trucks is almost a necessity if the ponds are to have their full usefulness, Horst said.

Urging borough residents to be "more than generous" in their donations when the fund drive is conducted, officers of the companies said: "Expenses of the Biglerville fire company last year included \$500 for repairs and improvements to the fire house. New tires for the fire engine and a portable battery charger totaling more than \$500 are being purchased at the present time.

Other Expenses

"Other expenses continue to mount as well. Last month bricks falling from a burning building injured one of the firemen. To protect the firemen in the future from such hazards the company has purchased helmets at a cost of \$75.

company, said that the purchase of the portable pump is being considered because many farmers have constructed large ponds for additional water supply to protect their farm buildings against fire.

newed. Other expenses occur which must be met if the company is to be able to provide protection at any time of the day or night.

They volunteer their own time and efforts to help the community. Because of the large expense involved in having on hand sufficient equipment, in good repair, we urge all residents of the Biglerville area to contribute as much as they can towards the fire company fund."

who in turn asked the Gettysburg fire department to get the box out of the tree.

The aerial ladder truck, driven by William Mellars and accompanied by Fire Chief James A. Aumen and Assistant Chief Donald Jacobs, went to the scene. With the big truck also went the service truck, driven by Clarence Claybaugh. Rufus Reaver "tillered" the ladder truck. Other firemen included Fire Marshal Eugene S. Sickles and Kenneth Tawney.

The aerial ladder could not be used when it was found that, due to the soft condition of the ground it would be impossible to bring the apparatus within 100 yards of the tree from a farm lane a quarter of a mile from the hard road.

A 40-foot ladder was placed against the tree, and Assistant Chief Jacobs ascended it, cut the box from the parachute cords and turned it over to State Policeman David K. James. It will be mailed to the weather bureau.

"The recent basketball scandal in New York should shock clean-minded people everywhere," Van Sant declared. He added: "Pennsylvania has its good share of sports gamblers and we must do something to discourage any attempts they may make to reach high school or college athletes with their bribe propositions."

Van Sant's bill would increase the fine against persons convicted of offering or receiving bribes from \$3,000 to \$10,000, also, the alternative prison term period would be increased from three to 10 years. It would be left to the court whether to impose a fine or prison, or both.

Littlestown**ROTARY ELECTS
NEW DIRECTORS**

Election of directors was held in connection with the regular meeting of the Littlestown Rotary club on Tuesday evening at Schottie's hotel. Newly elected directors to serve for a two-year term beginning July 2 are Luther W. Snyder, Frank E. Basehaar and Nevaeh A. Crouse. Present directors to remain on the board are George P. Smith, Thomas C. McSherry, Theron W. Spangler and Charles E. Ritter. Retiring members are Paul R. Snyder, Lloyd E. Crouse and Albert W. Schott. Luther W. Ritter is the ex-officio member of the board.

Mrs. Luther Sentz, M street, was hostess to the Mite society of St. Paul's Lutheran church, for the monthly meeting on Tuesday evening. The business session was in charge of the president, Mrs. Emma Norwood. The devotions were led by Mrs. Della Collins. The following readings were given: "A Flag of Sympathy," by Mrs. Mahlon Bucher; "Apron," by Mrs. Norwood; "Evening Tide," by Mrs. Ellen Feiser; and "The More We Meet," by Mrs. Scheivert. The meeting closed with a social hour and refreshments served by the hostess. The next meeting of the society will be held Tuesday, April 3, at 7:30 p.m. at the home of Mrs. Minnie DeGroft, Lumber street.

Teachers Meet

The monthly meeting of the teachers of the children's departments of Redeemer's Evangelical and Reformed church Sunday school was held Monday evening in the social hall of the church. The meeting opened with group singing. Mrs. Samuel H. Higinbotham served as piano accompanist. The scripture was read by Mrs. George Conover. Prayer was offered by the pastor, the Rev. Frank E. Reynolds. Mrs. Wilber A. Binkert, president, presided. The kitchen committee, composed of Mrs. Higinbotham and Mrs. Melvin Shaeffer, reported concerning assisting other organizations of the church in remodeling the kitchen of the church. No definite plans were made and further discussion of the matter will be carried on at the next meeting.

Mrs. Higinbotham and Mrs. J. Everett Feiser were appointed to secure the Easter treats for the Primary and Junior departments. Helen Jacobs and Mrs. Richard Staley were appointed to secure the treats for the Kindergarten and Nursery departments. The group decided to purchase an American flag and a Christian flag for the Junior department of the Sunday school. A food sale will be held Friday afternoon, April 27, at Boyd's storeroom, East

King street, by the Beginners, Primary and Junior departments.

The guess package for the evening was presented by Mrs. John E. Stambaugh and received by Mrs. Shaeffer. A social hour was enjoyed and refreshments were served by the hostesses, Mrs. Higinbotham and Mrs. Conover. The next teachers' meeting will be held Monday, April 2, at 7:30 p.m. in the social hall of the church. The hostesses for the April meeting are Mrs. Kenneth K. Kroli and Mrs. Donald C. Arbogast.

The Rev. Howard W. Bock, pastor of St. Paul's Lutheran church, McSherrystown, was guest speaker at the mid-week Lenten service at St. Paul's Lutheran church on Wednesday evening, while the Rev. David S. Kammerer, pastor of the Littlestown church, was guest at the McSherrystown church.

Mrs. Glenn Reaver, Gettysburg R. 1, was hostess to the Littlestown Homemakers at the semi-monthly meeting Tuesday evening. Miss Mary Jane Mickey, Adams county home economics extension representative, was in charge of the meeting. The discussion was centered about color combinations. Miss Mickey gave a demonstration with a color wheel. The members had pictures that illustrated good color combinations of clothes and accessories. They also had pictures showing patterns with becoming lines. The Homemakers then served as models during the course of the evening, concerning color and matching accessories. Twelve members and one visitor were present on Tuesday evening.

The next meeting of the Homemakers will be held Tuesday, March 20, at 7:30 p.m., at the home of Mrs. Daniel Deitrich, along the Hoffman orphange road. Miss Mickey will discuss freezer foods, the preparation of the foods before and after freezing.

The Double or Nothing club of St. Mary's Lutheran church, Silver Run, will meet at the home of Mr. and Mrs. William Steinberg, near Silver Run, on Friday evening at 7:30 o'clock.

Daily mass through Lent is held at 8 a.m. at St. Aloysius Catholic church. Stations of the Cross and the benediction of the Blessed Sacrament will take place at 2:30 and 7:30 p.m. on Friday.

The Starr Bible class of St. Paul's Lutheran church will conduct a pie sale beginning at noon on Friday at the church. The members of the class will meet at the church in the morning to bake the pies.

The Auxiliary to the Mason and Dixon Memorial Post No. 6954 Veterans of Foreign Wars will make salted peanuts this evening at the post home. The members of the auxiliary are requested to meet in the kitchen at 7 o'clock.

About 400,000 mechanical corn pickers are now owned on U. S. farms.

AUGUST FIRE CARNIVAL PLANS ARE DISCUSSED

Plans were discussed for the annual carnival to be held by the Alpha Fire company No. 1 at the monthly meeting of the company Tuesday evening in the engine house. The meeting was in charge of the president, Bernard M. Selby. The carnival will be held the week of August 6 on the Littlestown playground. President Selby appointed the following committees for the affair: General, Paul L. Hollinger, Wilson Greene, Henry E. Waltman, Wayne Arnold, Harry W. Badders and Bernard M. Selby; advertising, Paul E. Alford; finance, Wilbur A. Bankert, Edward J. Alford and Theron W. Spangler; entertainment, Henry E. Waltman and Paul R. Snyder and those in charge of erection of the stands are George W. Streig, Norman J. Hahn, Jack Creuse and Herbert Frock. There will be further discussion of the affair at the next meeting of the company and more committees will be appointed.

The secretary's report was given by Harry W. Badders. Treasurer Paul E. Alford reported receipts, \$7435 and bills, \$151.63. The company voted contributions of: \$5 to the Red Cross, \$5 to the Boy Scouts and \$2 to the Heart fund. Vernon C. Reaver was elected to the company's membership. George Cool was nominated for membership. President Selby appointed the following to serve on the investigation committee, Dennis Wallack, Everett J. Feeser and Monroe Morelock.

Warms About Recklessness

It was announced that the quarterly meeting of the Adams County Firemen's association will be held Monday, April 2, in Gettysburg with the Reaser company as host.

Ralph Staley reported for the trustees, who had been instructed to secure bids for one tire and one tube or six tires and six tubes for one of the company trucks. Following the report, the firemen decided to purchase a tire and tube from Wintrode's garage, Littlestown, for the LaFrance truck. Fire Chief Glenen E. Ohler reported one call, to Silver Run with slight damage, since last meeting.

E. Paul Bigelow, fire police captain, told the company the fire police had been sworn in by Burgess Herbert J. Motter last Wednesday evening at the engine house. Captain Bigelow said the recklessness driving done by firemen and others going to and from a fire must be halted. Such violations as passing two and three cars abreast on a hill, weaving in and out of traffic and driving within 500 feet of the fire truck must be stopped. The fire police have been instructed to watch for such violations and those disobeying will be prosecuted. Ex-fire police are requested to turn in their badges as there is a shortage for the present policemen.

Mrs. Jay D. Basecar of the company auxiliary appealed to the firemen for their assistance to make

Talk About Addition

A discussion was held concerning the matter of putting an addition to the present engine house for the purpose of housing the Littlestown community ambulance and some fire equipment of the company. The purchase and maintenance of the ambulance was sponsored by the Ocker-Snyder Post No. 321 American Legion. The Legion was considering building a garage for housing the ambulance on the Legion property on East King street; but it was then felt this might be an out-of-the-way place for it. The borough Council suggested building an addition to the fire engine house, which is borough property, providing the community organizations would assist in financing the project. No definite plans were made and the trustees of the company were instructed to meet with the borough Council concerning the matter.

MacArthur Sees Korean Stalemate

Suwon, Korea March 8 (AP)—General MacArthur said in effect Wednesday that no one can win the war under present conditions.

On a flying visit to the front the Allied commander warned, however, that the Communists appear to be massing their forces for a mighty new spring offensive.

But MacArthur said in a statement that the Chinese Reds have no more than "an almost hopeless chance of ultimate victory." He was no more hopeful of Allied chances for victory. As the war is being fought now, MacArthur said, "the battalions cannot fail in time to reach a point of theoretical military

Mrs. Fine Leaves University Hospital

Philadelphia, March 8 (AP)—Mrs. Helene Morgan Fine, wife of Governor John S. Fine, left University hospital yesterday to return to the executive mansion in Harrisburg.

Mrs. Fine underwent an operation for the removal of a cyst from a lobe of her brain on February 15.

Hospital attendants said her condition was so improved that she was able to walk to a waiting ambulance for the trip home. She was accompanied by a hospital nurse and a state policeman.

Mrs. Fine was brought to Philadelphia in an ambulance February 14 and underwent the brain surgery the next day. It was believed she suffered the head injury in a fall there during a campaign rally.

Community Service For Good Friday

Zwingli Evangelical and Reformed church, East Berlin, Rev. Alton M. Leister, pastor, will be host this year to the community Good Friday three-hour devotions on March 28 from noon until 3 p.m.

Rev. Archie Rohrbaugh, of the Abbottstown-New Oxford Evangelical and Reformed church, Rev.

George Sheffer, of the New Oxford Lutheran church, Rev. Samuel Clarke, of the New Chester (Pines) and Hampton Lutheran churches,

Rev. Lester Karschner, of the East Berlin-Abbotstown Lutheran charge, Rev. John Royer, of the Paradise (Holtzschwamm) Evangelical and Reformed church, and Rev. Lester and Haney, of the New Chester, Hampton and East Berlin Evangelical and Reformed churches will participate.

An interdenominational service with familiar hymns and three special choral selections will be used. Each of the clergy participating will conduct a brief scripture and prayer service and preach on one of the "Seven Last Words" spoken by Christ from the cross.

HOW TO HANDLE ESTIMATED TAX DECLARATION

(Editor's note: This is the last of 12 stories explaining who has to do what about his income tax return.)

By JAMES MARLOW

Washington, Mar. 8 (AP) — March 15 — besides being the deadline for filing the 1950 income tax return — is also the deadline for some people for filing an estimate on 1951 tax.

Most people don't have to worry about the latter — which is called a "declaration of estimated tax" — but those who do fall into these two classes:

1. Those who won't have any tax withheld from their 1951 income, such as doctors, lawyers, landlords, self-employed people.

2. Those who will have some tax but not the full tax withheld from their 1950 income. This applies to some wage earners and salaried people.

What They Must Do

The people in those two groups must do the following by March 15:

1. Estimate what their 1951 income will be and what the tax on it will be.

2. Start paying the difference between the tax withheld, if any, and the full tax that would be owed for the year.

(That payment will be in four quarterly installments. The first is due by March 15, when you file the estimated return. The next three are due June 15, Sept. 15 and the last on Jan. 15, 1952.)

This year Congress is expected to increase everyone's taxes and this may cause, when the increase finally is passed into law, some changes in the size of your estimated tax or the payments you have to make.

But that's months away and it's a bridge you can cross when you come to it. Meanwhile, if you're one of those required to file an estimated tax return by March 15 and make the first payment on it, it's sensible to go ahead and do that.

Not Too Difficult

You shouldn't have any trouble figuring out pretty quickly whether you're in the "estimated" group. You know how much tax — if any —

is being withheld from you now, weekly or monthly. So, first, figure out what your income for 1951 will be.

Then figure what the full tax on your 1951 income will be, based on the tax rate now in effect. You can do it easily enough but — this is important — you must do it on form 1040-ES, a special single sheet in blue ink for people filing an estimated tax. If you don't have it, get it. There'll be more about form 1040-ES in a moment.

If your income will be under \$5,000, find your tax in the table on the back of form 1040-ES. If it's going to be \$5,000 or more, work out your tax according to the formulas on the back of form 1040-ES.

If you find the full tax will be withheld from you, then forget this whole business.

They're Not The Same

If you find you'll owe more tax than will be withheld from you in 1951, then you're supposed to file an estimate by March 15 and start paying the first of those four quarterly installments on the difference between the tax to be withheld and the full tax you'll owe.

Remember: You must use form 1040-ES. It has a table and formula

similar to — but not at all identical with — those you used with form 1040 in figuring your 1950 tax.

Don't make the mistake of figuring your tax on form 1040 and then just filling in form 1040-ES. The figures in the table on form 1040-ES are different from the regular form 1040.

And the formula used with form 1040-ES is different from that on form 1040. In both cases — the table and the formula — on form 1040-ES your tax will be higher than on form 1040. Why?

Going To Be Higher

Because taxes, although raised last year, were raised only on the last quarter of 1950. So your total tax this year will be a fair bit higher than your total 1950 tax. And the table and formula on form 1040-ES were revised to take care of that boost.

The internal revenue collector has mailed a form 1040-ES to those who have been paying on their estimated tax in previous years. If you didn't get it but need it, you can get it from the collector for your district or from a bank or post office.

Be sure, in figuring your estimated tax, you claim all the exemptions and the usual deduction to which

Some Examples

You'll receive wages — from which tax is withheld — of more than \$4,500, plus \$600 for each exemption. Example:

Wages over \$5,100 if you're single and have no dependents; wages over \$5,700 if you're married and filing a joint return or, if single, you have

the three scourges of man

a dependent. In other words: The amount goes up \$600 for each exemption, including an extra \$600 if you're 65 or over, plus another \$600 if you're blind.

Here's an example: Jones, married to a wife with no income, will have in 1951 an income of \$5,500, all in salary from which tax will be withheld. In his case, because of those two exemptions, full tax will be withheld from him up to \$5,700. He files no estimated return.

Take Smith. He's married to a wife with no income. His 1950 income will be \$8,000 or \$9,000 or any figure you want above \$5,700. He'll have to file the estimate and start paying the difference between the tax to be withheld and the full tax he'll owe for 1951.

And you don't have to file it if full tax is withheld from your income except for no more than an untaxed \$100 from any source, like interest, dividends, rent, or fees.

PAN-SLAVISM IS DOUBTFUL FORCE IN EAST EUROPE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

One of my colleagues who is an ethnological student makes the interesting observation that the dangerous quarrel between Russia and her former satellite, Yugoslavia, "is a real family affair" because of the Slavic bond.

Having established this premise my friend broadens the field by asking: "How about the other satellites?" Being a good correspondent, he answers himself thus: "Only Poland and Czechoslovakia

are truly Slavic. Poland, regardless of the present has been a traditional foe of Russia for centuries and has fought the Russians bitterly on many occasions, Czechoslovakia has been friendly to Russia.

Others Non-Slavic

The other countries are non-slavic. Romania claims to be descended from the ancient Romans, but racially it is rather a mystery. Bulgaria has had a Slavic culture for some time, but its people are not Slavic but of Asiatic origin. Hungary is another non-Slavic nation.

The Slavs are the most numerous linguistic group in Europe. Besides these there are the Russians in Siberia and the very large number in America. The European Slavs are divided geographically and linguistically into three main groups—eastern, northwestern and southern.

The Russians form the eastern group and extend in patches all the

way to the Pacific. The northwestern group includes the Poles and Czechoslovaks. The southern Slavs in the Balkans

Strong Ties?

Well, now how strong are the ties which bind the satellites—especially the Slavic states—to Moscow? The answer is vital both to Russia and to the democracies. Satellite affection might be fatal to the Soviet Union.

The most powerful of the European satellites militarily—Yugoslavia—has refused to play ball Moscow's way and has been expelled from the ranks of the faithful. There has been disaffection, on and off, in Hungary, Bulgaria and Romania.

Poland, as previously pointed out, is a traditional foe of Russia.

Thus, taking it all in all, the Slavic bond isn't one that Moscow can gamble on very heavily. As a matter of fact surveys of the Euro-

Senators Have Busy Speaking Schedules

Washington, March 8 (P)—Senators Edward Martin and James H. Duff of Pennsylvania have lined up a busy speaking schedule for the rest of March.

Duff will receive the first annual award for Brotherhood Monday at a meeting of the Russel Conwell Breakfast club in Philadelphia. The following day he'll speak on America's preparedness program at the Philadelphia Evening Bulletin's forum.

He'll be at a dinner in Pittsburgh

of the American Steel Warehouse association Friday, March 16 and next day the former governor and Martin will be guests of the Amen Corner, Pittsburgh.

Martin also is scheduled to address the Sunday League, Inc., a church group, at Bridgeton, N. J. next Tuesday. The state's senior senator also will resume this weekend his bi-weekly transcribed broadcasts to Pennsylvania radio stations.

GETS BIG BANG OUT OF HUNTING FOR WILY CROW

Pearl River, N. Y., March 8 (AP)—A hunter aimed at a crow, pulled the trigger and a small fireworks plant blew up. Windows and dishes were shattered for a mile around and communities 15 miles away were rocked.

Air raid wardens came running, and police and firemen sped from nearby New York and New Jersey towns. Hundreds of spectators flocked to the plant near here on the Hackensack river near the state boundary. One man three miles away said he was thrown from his couch.

The frightened hunter, Frank Perkins, Jr., 24, forgot his crow. He

jumped in the river, he was so scared.

Employees at the fireworks plant had finished their day's work 20 minutes earlier. When the fires were extinguished and a dripping Perkins related his shot at the crow, police and firemen decided that the hunter's shot had hit a building of the Barnacles Fireworks Co.

The shot ignited gunpowder in the frame building, about the size of a two-car garage. The concussion set off blasts in the company's five other frame buildings, spaced about 50 yards apart. All the structures were leveled. There was no official estimate of the damage.

Perkins said he had crouched in a thicket from where he could not see the Barnacles buildings, about 50 yards away.

"I lifted my gun and fired," he added. "I missed the crow, but I guess I hit the building."

Nobody disputed Perkins' opinion of his aim.

Littlestown

Littlestown—John Keefer, son of Mr. and Mrs. Herman Keefer, near town, and James Motter, son of Mr. and Mrs. George Motter, near town, both students at Shippensburg State Teacher's college, have resumed their studies there after spending the week-end at Buckhollow Falls Inn, Pocono mountains, where they and nine other students from the Shippensburg college attended the North Atlantic Region conference of the Lutheran Student Association of America. Mr. Keefer, a senior at the college, now student teaching at the Chambersburg high school, is the student advisor of Lutheran student work on the campus. Mr. Motter, a sophomore at the college, is vice-president of the campus organization. Both of the young men attended the conference, which is held annually, as representatives of the Shippensburg college, last year.

Gene Allen Hankey, 18, son of Mr. and Mrs. Luther H. Hankey, 164 Lumber street, was among the sixteen-age youths from Adams county to enlist in the Navy on Tuesday at the York recruiting station. He was graduated from the Littlestown Junior-Senior high school with the class of 1950, and a freshman at Gettysburg college. Recruit Hankey will be sent to Great Lakes, Ill., for his boot training.

Sunday dinner guests of Mr. and Mrs. Charles M. Frock, M street, were their son and daughter-in-law, Captain and Mrs. Charles F. Frock, daughters, Susan and Sally Ann, Aberdeen Proving Grounds, Md.

The regular rehearsal of the Littlestown Men's chorus will not be held this evening as announced by Director Robert L. Snyder.

Evan M. Apper, Melvin Spangler, Jerry Jeffries, Edward F. Hawk and Earl Wenschof, all of town, attended the builders' show in the farm show building at Harrisburg Wednesday evening.

Italy Government Votes Big Budget

Rome, March 8 (AP)—Premier Alcide De Gasperi's Atlantic Pact government on Wednesday won an overwhelming vote of confidence on its arms appropriation bill raising Italy's defense budget this year to \$1,245,000,000.

De Gasperi called the bill "our insurance policy against aggression." But Italy's whole leftist block boycotted the vote as illegal and stormed angrily out of the wildest session of the chamber of deputies in many months.

The final test came after midnight last night in the historic Montecitorio parliament building jammed with spectators and sprinkled with foreign observers, including British and American embassy representatives.

The vote for the arms bill—and the government—was 323 to 16. The chamber has 570 members in all.
